Dear Parents,

This year, both Kempshott Infant School and Kempshott Junior School will be offering an earlier collection option of 2.00pm on the final day of term (18th Dec 2026).

Families may choose to collect their child at **either 2.00pm <u>or</u> 3.15pm**

To help us ensure a safe dismissal of pupils, we kindly ask that families choose one of these collection times, as we are unable to facilitate collections between 2.00pm and 3.15pm.

Children who are not collected at 2.00pm will remain in school and enjoy the end-of-term activities until the usual finish time of 3.15pm.

We hope that providing the option of an earlier collection will offer families some additional flexibility, particularly those who may be travelling to visit family and friends over the Christmas period.

We would also like to encourage all children to attend school on the final day of term. The last day remains an important part of the school term, with pupils enjoying a range of learning and festive activities with their classmates. In recent years, both schools have experienced lower attendance on the final day, and we hope that the earlier collection option will help families' with their plans while still giving the children the opportunity to enjoy this special day with their friends.

Kempshott Junior School after school club will continue to operate as normal for those children who are booked to attend.

Best wishes,

Mrs Potter Mrs McWilliams-Bowe
