ADVENTURE | FRIENDSHIP | SKILLS FOR LIFE

News from Kempshott Scout Group

Kempshott Scout Group is back for the autumn term, ready for more adventure, friendship and fun! Whether you already know about Scouting or have never considered it before, there has never been a better time to find out what we are all about.

Over the summer, our Scouts enjoyed an action-packed camp in Derby, taking part in exciting activities, trying new challenges and working together as a team. Scouting is all about giving young people experiences they might not get anywhere else—building confidence, learning practical skills, making friends and, of course, having a great time along the way.

We are particularly excited to be opening a new Squirrel section for children aged 4–6. Squirrels are the youngest members of the Scout family and a fantastic way for children to start their adventure. They will have the chance to make new friends, learn new skills, get active and discover the fun of Scouting.

Could your child benefit from a little more adventure? Or perhaps you have some spare time and would enjoy helping young people have experiences they will remember for years? We are looking for enthusiastic adult volunteers to help with our new Squirrel section. You don't need to have been a Scout yourself—just bring your enthusiasm!

And there is plenty more excitement ahead. Our Scouts will soon be visiting RAF Odiham, with the opportunity to see behind the scenes at the local airbase. Some of our Scouts will also spend a night aboard the famous HMS Belfast in London—just two examples of the amazing opportunities that being a Scout can provide.

So, if you have ever wondered what Scouting could offer your child, or whether you could get involved yourself, why not get in touch? Come and discover what happens at Kempshott Scout Group!

For more information about joining the Group, our new Squirrel section or volunteering, please contact Mike Webb at kempshott@bwds.org.uk. We would love to hear from you!
