### Year Group News

#### Year 2

This week Year 2 have been exploring 2D and 3D shapes and their properties. They have enjoyed learning about non-fiction texts and choosing questions about Space travel that they will answer in their fact files next week. The children loved their trip to Winchester Science Centre. They learnt about constellations and planets in the Planetarium, explored the exhibit and even created their own rockets.

#### Year 1

This week in Maths, the children have practiced adding and subtracting two-digit numbers using cups. They focused on separating the numbers into tens and ones. Can your child tell you how many tens and ones are in the number 13? In Phonics, they started learning their Step 5 phonemes. The children have been working hard to sound out new words and use them in sentences. In Geography, their learning has focused on the United Kingdom, exploring its capital cities and the surrounding seas. The children have been enjoying finding out interesting facts about each place and locating it on the map.

They have enjoyed word building and are beginning to write initial sounds and labels for their pictures. Our number of the week has been number 10.
